PROFESSIONAL SUMMARY

Frontend Developer and BCA graduate with hands-on experience building responsive, component-based web applications using React.js, JavaScript, HTML5, and CSS3. Integrated REST APIs across three projects, including a full-stack AI career simulation app built with React, FastAPI, and SQLite. Completed the Meta Full Stack Developer Professional Certificate (10 courses). Seeking an entry-level Frontend / React Developer role.

TECHNICAL SKILLS

Languages: JavaScript, HTML5, CSS3, Python
Frontend: React.js, Responsive Web Design, Component-Based Architecture, State Management
Backend & APIs: REST API Integration, JSON, FastAPI
Databases: SQLite, MongoDB
Tools: Git, GitHub, Postman, VS Code, Vercel

PROJECTS

AI Job Trail Simulator **2026**

React.js, FastAPI, SQLite, Gemini API

- Developed an AI-powered career simulation platform that helps users explore job roles through practical, role-based tasks.
- Built reusable React components and responsive user interfaces for multiple career simulations.
- Integrated the React frontend with a FastAPI backend using REST APIs.
- Integrated the Google Gemini API to generate AI-powered task evaluations and personalized feedback.
- Implemented user authentication and database operations using SQLite and FastAPI.

User Directory

React.js, JavaScript, REST API

- Built a user directory application that fetches external API data (JSON) and displays it through reusable React components.
- Created user profile cards showing name, age, gender, and contact information.
- Implemented search and filtering functionality for user data.

Product Store

React.js, JavaScript, REST API

- Building a product listing application with React.js using an external product API.
- Implemented product data fetching and reusable product display components.
- Developing cart management and React state handling for selected products.

EXPERIENCE

Web Development Intern | Keltron, Ernakulam **May 2025**

- Built responsive web pages using HTML5, CSS3, and React.js with a focus on user-friendly interfaces and usability.
- Used Git for version control and collaborated with team members to understand real-world development workflows.

EDUCATION

Bachelor of Computer Applications (BCA) **2023 – 2026**

University of Calicut, Sadanam Kumaran College | CGPA: 7.1 / 10

CERTIFICATIONS

Meta Full Stack Developer Professional Certificate **2025**

- Completed all 10 courses covering React.js, JavaScript, HTML5, CSS3, Python, Django, REST APIs, Git, GitHub, and SQL through hands-on assignments and projects.

ACHIEVEMENTS & ACTIVITIES

- Participated in inter-collegiate technical fests, coding events, and hackathons.
